

Twin Towns Junior Triathlon Club Report 2012-13 Season

Last Saturday, 16th February saw 25 kids turn up and race, in the rain, for the last time this season. At the completion of the race we had a pancake breakfast which was a huge hit and presented the trophies for the season.

We presented 24 trophies to the children who had completed 10 or more races. This year we presented only one trophy to the most consistent racer, Mollie Styman who raced every week of the 19 week season. This trophy is most often shared between 2 or 3 kids.

We again averaged good numbers with the turnout being around 24 each week.

We were continually on the hunt each week for support from our parents to man the checkpoints on the course. We had a few who always stepped in, and without this constant support, the races couldn't run.

A huge thank you must go to Ginny Jones for her dedication to the desk each week. The end of this season has seen Ginny come to an end with the Juniors as Kipp will race in the intermediate races of next year. I would very much like to acknowledge all the hard work put in by Ginny over the last two years. She will be greatly missed.

We have had a few offers of help to man the desk for next season which have been quickly accepted.

Thank you must also go to the Senior Club for their support of us in many ways.

Scott Styman
